As of September:

- 424,073 hours, 71 percent of the total goal, were completed.
- More than 93,000 hours – 93 percent – of the time committed to the City of San Diego – had been completed.
- On one day alone in June, 800 volunteers spent 3,200 hours helping improve Balboa Park and the surrounding community.
- After six months, the volunteer service given by The Rock Church has saved the City of San Diego an estimated \$1,217,618.42.
