FOR IMMEDIATE RELEASE

Bestselling Author, National Speaker Angela Thomas Available for Interview: Wife and mother provides encouragement, speaks openly about issues women face

WHAT: Interview **Angela Thomas**, who helps women understand the secret to being known and loved, lies in having an intimate understanding of who God is. In her new book, **“Do You Know Who I Am?”**, Thomas walks readers through “gut-wrenching” honest questions to unveil the deeply personal needs, flaws and pain most all women wrestle with, and help them understand God can use these for His glory. Each struggle is explored through vivid storytelling, biblical teaching and practical application.

WHO: **Angela Thomas**, a bestselling author of 10 books and Bible studies, including “Do You Think I’m Beautiful?”, “My Single Mom Life,” and her new release from Howard Books, “Do You Know Who I Am?” (October 2010).

Before becoming a popular author, Thomas developed a reputation as a gifted national speaker on topics such as single motherhood, the Christian woman’s heart, parenting and issues surrounding teenage girls. She speaks to more than 70,000 women each year and is a regular speaker for the Extraordinary Women national conference tour. Drawing from her firsthand experiences of divorce, single parenthood and remarriage, she has a passion to encourage all women, but especially those who have undergone or are walking these same paths.

WHEN: **Thursday, Oct. 14** from 8:30-10 a.m. ET
Tuesday, Oct. 19 from 8:30-10 a.m. ET
Wednesday, Oct. 20 from 8:30-10 a.m. ET

WHERE: Via telephone

DETAILS:

Angela Thomas knows firsthand that the life of a mother and woman is one filled with unending tasks, vital responsibilities and the constant battle of self-doubt. It can easily consume women, so that they miss out on grasping how God sees them and the freedom in letting go of what the world tells them they have to be.

In addition to encouragement to single moms and positive tips in raising children, she can speak about her new book “Do You Know Who I Am?”, addressing issues faced by women around the world such as:

- I am invisible
- I am worn out
- I am lonely
- I am undisciplined
- I am ordinary
- I am afraid to dream big
