**FOR IMMEDIATE RELEASE**

## **NAE Generation Forum Encourages Adoption in lieu of Abortion**

**Project Director available for interviews about support for National  
Adoption Month, efforts to reduce abortions**

**WHAT:** As part of National Adoption Month, the National Association of Evangelicals (NAE) highlighted adoption as a positive alternative to abortion. This initiative is part of the NAE Generation Forum, which seeks to reduce the number of abortions in America.

Recent polling conducted by NAE, in conjunction with Gallup, Inc., showed that 78 percent of Evangelicals believe making adoption more affordable is an option to help reduce the number of abortions. In addition, participants at recent Generation Forums held across the country, discussed adoption and how to encourage it as a realistic alternative to abortion.

**WHO:** NAE spokespersons are available to discuss the Generation Forum's recent efforts to put a renewed focus on adoption and other alternatives to help reduce the abortion rate

- Aaron Mercer, NAE Project Director
- Galen Carey, Director of Government Affairs

**WHEN:** By appointment.

**WHERE:** In studio in the Washington, D.C. area or by phone or Skype.

**DETAILS:** NAE spokesmen are available to discuss:

- Goals and purpose of Generation Forum;
- Recent polling information regarding Evangelicals views on abortion and adoption;
- The NAE efforts, such as making the adoption tax credit permanent that would aid families seeking to adopt; and
- NAE Generation Forum's effort to create dialogue about how local churches, specifically, can be involved in effectively decreasing the number of abortions in their congregations and

communities.
